UTOPIA FOR TRADING AND EXPORT

Company Definition

Utopia Trading Company was established in 2006 with a group of accumulated and distinguished national experiences in the field of petroleum services and contracting (pipes - valves - parts) and through the gathering of these experiences a distinguished work team was formed that includes many different specialties and who pledged to exert the highest level of effort and work And according to the latest international technology, with the aim of reaching customer satisfaction by adopting the highest quality standards in addition to the reasonable price and speed of implementation

Company Vision

Utopia Trading Company to be one of the first companies to provide these services at the local, regional and international levels through relentless pursuit and firm determination to achieve further progress and development in accordance with the strategic plans set in place to gain more confidence from our customers and take them to broader horizons of quality and mastery.

Company Mission

Utopia Trading Company to be one of the first companies to provide these services at the local, regional and international levels through relentless pursuit and firm determination to achieve further progress and development in accordance with the strategic plans set in place to gain more confidence from our customers and take them to broader horizons of quality and mastery.

Company Values

Customer first and last

Our basic motto that we raise and abide by, and our goal that we are working to achieve is to serve the customer at the best service.

Our Products: Globe Valve

Our Products: Gate Valve

Economic cast iron, full bore gate valve with brass seats. Conforms to DIN3202 F4 with PN10/16 Flange Connections. Ideally suited for water.

Features & Benefits

- ❖ Specifications to DIN3202 F4
- ❖ Inside screw
- ❖ Non rising stem
- ❖ Cast brass seat
- ❖ Bolted bonnet

Pressure & Temperature

- ❖ Pressure range Up to 16 Bar
- ❖ Temperature range -10 °C to 300 °C
